Open letter to his Excellency, The Extraordinary Minister and plenipotentiary of foreign affairs, of African integration, of the francophone, and of the Benin in exterior.

Mr Jean Marie EHOZOU

Ministre Plénipotentiaire des Affaires Etrangères
Ministre des Affaires Etrangères, de
l'Intégration Africaine, de la Francophonie et des Béninois de l'Extérieur

BP 318 Cotonou Bénin

Möhlau, August 17, 2011

His Excellency,

The caravan for the right of refugees and migrant, The voice refugee forum and " Flüchtlingsinitiative Möhlau Wittenberg , The African initiative Wittenberg are highly condemning the practice of sending your delegates to Europe with the intention of identifying who is from Benin so as to accord to the European authority a travelling certificate to return refugees back to your home country.

The foreign office of Wittenberg, local office of Grafenhainichen has mandated again 11 refugees to appear in a mobile Identification hearing with the intention of obtaining travelling documents.

The address of this hearing is;

Landesamt für Bürger-und Ordnungsangelegenheit (LAB)

Friedrich-Krause-Ufer 24, 13353 Berlin

Date: 31.08.2011

Time: 09.30 AM

We demand an automatic protection to the human right and political activist Mr Salomon Wantchoucou.

These are refugees that fled the country because of political persecution, religious persecution, some have no contacts and family affiliation any more in Benin, disintegrated .

Mr Minister, do you know that these refugees were been denied their right for many years. Their right to asylum, their right to resident permission, their right to work and were isolated in a rural areas without perspective for not only 2 years but for many years up to 10 years and more and more.... although they were not criminals.

They had adapted and integrated to the German society and would be unacceptable these refugees to be sent back to Benin without perspective and protection, without considering the dangers and death that these refugees would be facing .

We demand to stop these delegation practices from Benin, to abolish this kind of collaborations and practices that they used to endanger the lives of innocent refugees.

We demand protection to all refugees and say no to deportation because that is a crime against humanity.

Yours sincerely

Public relation counsel
